**DETAILED ACTION**

***Election/Restrictions***

Newly submitted claims 8-9 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

- I.     Claims 1-15, drawn to a food processor equipped with at least two tools, classified in class 099, subclass 509.
- II.    Claims 16-20, drawn to a food processor, classified in class 241, subclass 092.

The inventions are distinct, each from the other because of the following reasons:

The inventions as claimed are independent since they are not connected in design, operation or effect, i.e., each invention is separately usable and the operation, design and effect of one is independent of the other.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 16-20 stand withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Applicant should ensure that (1) all reference characters in the drawings are described in the detailed description portion of the specification and (2) all reference characters mentioned in the specification are included in the appropriate drawing Figure(s) as required by 37 CFR 1.84(p)(5).

This application is in condition for allowance except for the following formal matters:

This application is in condition for allowance except for the presence of claims 16-20 directed to an non-elected invention. Applicant is given **TWO MONTHS** from the date of this letter to cancel the noted claims or take other appropriate action (37 CFR 1.144). Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
